To the Dewan,
through the 2nd. Councillor.

I propose seeing this plantation
before recording my opinion
I am accordingly asking
the Excise Commissioner what
day would suit him -

Q

22/12/03

I inspected this Plantation this
morning in company with the Excise
Commissioner. It is nearly fully
stocked, the total no. of plants
of various ages & sizes being
some ten thousand - It is full
of potentialities & promise tho its
present condition is not
quite satisfactory. The part of the

District is badly off in the matter of date trees. A good beginning has been made here and I think it ought to be continued. A watchman the indispensable cannot do much unless the trench and hedge are repaired and the land is annually ploughed up. These latter operations require special attention. The low lying portions are particularly good and are sure to ~~be~~ ^{grow} well if the plants therein are properly looked after with ~~these~~ ^{some} observations. The caution applied for may be, conveyed at once.
